Specialty Drugs - All prescription fills must be through our preferred specialty pharmacy network.

**True Accumulation -** Some specialty prescription drugs may qualify for third-party copay assistance programs, like a manufacturer coupon or a rebate. These could lower out-of-pocket costs. Any amount received through one of these programs will not apply towards the Deductible or Out-of-Pocket Maximum.

**Full Choose Generics -** If the member or the physician requests brand when generic is available, the member pays the applicable cost-sharing plus the cost difference between the generic and brand.

**Precertification -** Included. See formulary for details.

**Step Therapy -** Included. See formulary for details.

Maintenance Choice® with Opt Out - After two retail fills, members must choose to fill a 90-day supply of their maintenance drugs at CVS Caremark Mail Service PharmacyTM or at a CVS retail pharmacy. If the member wants to continue to fill their 30-day supply at any other network pharmacy, they simply need to call us at the number on their member ID card. If they do not notify us that they want to opt out of the 90-day supply at a CVS Pharmacy, they'll be responsible for 100 percent of their medication cost. The member may call us any time, even from the pharmacy, to let us know that they intend to opt out of the benefit.

## **Pharmacy Plan includes:**

Diabetic supplies obtainable from a pharmacy (Including: needles, syringes, test strips, lancets and alcohol swabs - available at retail or mail order).

**Performance Enhancing Drugs -** Coverage is included for up to 30 pills per month or 27 pills per 90 days for lifestyle/performance drugs. See Aetna Formulary for details on precertification.

Affordable Care Act mandated female contraceptives and preventive medications covered 100% in-network.

Preventive and seasonal vaccinations covered 100% in-network.

### **Network and Non-network Providers**

We cover the cost of services based on whether doctors are "in-network" or "out-of-network". We want to help you understand how much Aetna pays for your out-of-network care. At the same time, we want to make it clear how much more you will need to pay for this "out-of-network" care.

You may choose a provider (doctor or hospital) in our network. You may choose to visit an out-of-network provider. If you choose a provider who is out-of-network, your Aetna health plan will not pay any of that provider 's bill. You will pay a lot more money out of your own pocket if you choose to use an out-of-network doctor or hospital.

You can avoid these extra costs by getting your care from Aetna's broad network of health care providers. Go to **www.aetna.com** and click on "Find a Doctor" on the left side of the page. If you are already a member, sign on to your Aetna member site.

This applies when you choose to get care out-of-network. When you have no choice (for example: emergency room visit after a car accident, or for other emergency services), we will pay the bill as if you got care in the network. You pay cost sharing and deductibles for your in-network level of benefits. Contact Aetna if your provider asks you to pay more. You are not responsible for any outstanding balance billed by your providers for emergency services beyond your cost sharing and deductibles.

Aetna and MinuteClinic, LLC (which either operates or provides certain management support services to MinuteClinic-branded walk-in clinics) are both within the CVS Health family. Aetna is not responsible or liable in any manner for services received at CVS MinuteClinic locations. CVS Caremark® Mail Service Pharmacy and Aetna are part of the CVS Health family of companies. Preferred providers and vendors are independent contractors in private practice and are neither employees nor agents of Aetna or its affiliates. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change without notice.

If your plan covers outpatient prescription drugs, your plan includes a drug formulary (preferred drug list). A formulary is a list of prescription drugs generally covered under your prescription drug benefits plan on a preferred basis subject to applicable limitations and conditions. Your pharmacy benefit is generally limited to the drugs listed on the formulary. The medications listed on the formulary are subject to change in accordance with applicable state law. For information regarding how medications are reviewed and selected for the formulary, formulary information, and information about other pharmacy programs such as precertification and step therapy, please refer to our website at **www.aetna.com**, or the Aetna Medication Formulary Guide. Members should consult with their treating physicians regarding questions about specific medications. Refer to your plan documents or contact Member Services for information regarding the terms and limitations of coverage.
